## GPT46

### Installation Guide

- 1 Locate Your IMEI** - On the side of your GPT46, take note of the IMEI. This is needed to activate your tracker. If you already have a username and password, please skip to step 4.
- 2 Activate Your Tracker** - Visit <http://www.sky200.com> and click the “Activation” button in the upper right. Fill out all the information, including the IMEI that is printed on the side of your tracker.
- 3 Charge** - See page 2 for charging instructions.
- 4 Begin Tracking** - You can now log into the tracking system from a computer by visiting <http://www.sky200.com> and login with your username and password. You can also download our mobile app by visiting the app store and searching for “LoneStar Tracking”.
- 5 Power ON Your Tracker** - Your new GPT is shipped powered OFF. To turn on your tracker, press and hold the button on the front of the Retriever for 3 seconds until the LEDs turn ON momentarily.
